ACCESS PROCEDURES

For MURANO GRANDE During Opening Period

In an effort to make life more pleasant and orderly for the residents during the completion of construction and the initial move-in period, we ask the unit owners and their contractors to abide by the following rules.

The unit owner is responsible to give the contractor a key to the unit and a key fob for the elevator. MURANO GRANDE personnel cannot operate the elevators, nor open or lock units for contractors.

The MURANO GRANDE Condominium Association, Inc. (the "Association") shall also not be responsible for any doors to units left unlocked by anybody, or for damage or loss to any units or their contents.

To the extent that an Association employee does in fact open a unit for someone at the request of an owner, or someone contracted by an owner, this is only done to assist the owner and does in no way imply that the Association assumes any liability.

All unit owners are responsible for any damage to the Association property or infraction of the Association Rules and Regulations by anybody contracted by them. Safety of persons and property is a very high concern for all.

Service Contractors will be provided with a designated area by the loading dock at the South side of the property to load and unload only. No parking will be provided to Service Contractors in the Association's property.

All contractors and their workers must use the receiving entrance only. Upon due authorization, the contractors will be issued photo ID badges. The photo ID badges are one-time use. Any worker encountered in the building without a valid badge will be escorted off the property. Repeated violation of these procedures can lead to barring the offender permanently from entering the property.

Usage of trash chutes is strictly prohibited and any contractor found using the chute will be escorted off the premises and denied future access. The offending contractor will be denied future access to the building and the unit owner will be responsible for any damage.
